

K-LOVE provides me with positive encouragement through out my day. If K-LOVE were displaced by a LPFM broadcaster my community would lose an important influence for peaceful, respectful, positive living and a source of uplifting music and information. We would also lose an important resource that provides help to people in times of need. K-LOVE serves the public interest by keeping a positive spin on life, encourging neighborly love and meeting the needs of the most desperate in our communities.
